Mr. Taylor Period _____

Student Name _____

Community Participation
Economics

The Social Science Department has assigned the seniors 6 hours of community participation per semester. The students need practical experience in how society benefits from its citizens playing an active role. Upon graduating in June, these same students will be counted on to contribute as educated and prepared citizens in their respective communities. All that is required of the sponsor is a signature that verifies the student's participation. Failure to complete all 6 hours by the 12 week progress report will result in an "F" on the progress report. Failure to complete this assignment will result in a grade of an "F" for the semester.

- Assignment: Community participation (a list of acceptable activities is on back)
- Amount: 6 hours
- Graded material: Completed form (1 per activity)
- Due dates: 1st – February 19, 2010
  2nd – March 19, 2010
  3rd – April 30, 2010
  *Each community participation turned in a minimum of 24 hours early earns 10 points extra credit

1. Summarize the activity: Fill this out accurately to avoid complications.
   Event title_____Date_____ Start Time_____End Time_____
   Where? _____
